## Northern Graphite Appoints Investor Relations Advisors

**May 11, 2022:** Northern Graphite Corporation (**NGC:TSX-V, NGPHF:OTCQB, FRA:ONG, XSTU:ONG**) (the “Company” or “Northern”) is pleased to announce that the Company has entered into consulting agreements with Peterson Capital (“Peterson”) and Redwood Empire Financial Communications (“Redwood”) to provide investor relations services in compliance with the policies and guidelines of the TSX Venture Exchange (the “TSXV”) and other applicable legislation. Northern’s objective is to increase awareness of the Company, its assets and the very favorable supply/demand outlook for graphite in the investment community throughout North America and Europe. The appointments are subject to the approval of the TSXV.

Peterson is one of Canada’s leading capital markets advisory and communications firms. It specializes in connecting high growth companies to its extensive network of retail Investment Advisors in Canada as well as family offices and funds in Europe. Peterson is being paid a \$50,000 retainer for their services over a two to three month period which is renewable at the Company’s option.

Redwood is a Georgia based investor relations firm. Its principal, Michael Bayes, has been providing investor relations services to public companies for over 18 years and has developed a broad network of retail brokers, institutional portfolio managers and industry analysts throughout the United States. Redwood Empire is being paid US\$10,000 per month for a minimum of six months and has been granted 100,000 stock options exercisable at a price of \$0.75 for a period of two years.

Neither Peterson nor Redwood, or their principals, have any direct or indirect shareholdings in the Company but may purchase its securities from time to time for investment purposes.

### **About Northern Graphite**

Northern Graphite is a Canadian company, listed on the TSX Venture Exchange that is focussed on becoming a world leader in producing natural graphite and upgrading it into high value products critical to the green economy including anode material for LiBs/EVs, fuel cells and graphene, as well as advanced industrial technologies.

Northern is the only significant graphite producing company in North America and will become the third largest non-Chinese producer when its Namibian operations come back on line in the first half of 2023. The Company also has two large scale development projects, Bissett Creek in Ontario and Okanjande in Namibia, that will be a source of continued production growth in the future. All projects have “battery quality” graphite and are located close to infrastructure in politically stable countries.
